No Mc C 1624/43-44 dt 14/7/43
Requests sanction to the
proposal of the Belur muni-
cl to levy water rate
at annas-four (0-4-0)
per rupee of Mothalam fm

1) In ~~fo~~ of 9-3-39 in which
sanction was accorded for the
improvement of water supply at Belur,
it was decided that a water
rate of 0-6-0 in the rupee of Mothalam fm should be arranged
to be levied under ~~to~~ enable
the municipal to meet a portion of
A M charges of water works at
the place

2) The municipal have now proposed
to levy only 0-4-0 per rupee of Mothalam fm
for reasons stated in the D C's report
with effect from the date of ~~go~~
but the D C is for ~~collecting~~ the
levying the said tax with retrospective
effect ie from the year 43-44,
The year in which water connections
were given at the place

3) In the above circumstances
the proposal to levy a water rate
at 0-4-0 per rupee of Mothalam fm

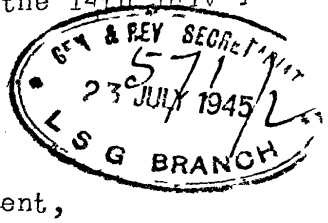
No L C 1624/43-44

Office of the Deputy Commissioner,
Hassan District,
Dated Hassan, the 14th July 45



From

The Deputy Commissioner,
Hassan District

To

The Legal Remembrancer and Secretary to Government,
Law Department, Bangalore

Sir,

Re levy of water rate in Belur Minor Municipality

I have the honor to state that while sanctioning the scheme of water supply to Belur Town the Government directed in para 4 of G O No L 7238-38/ L 166-38-5 dated 8-3-1939 that the Municipal Council should take steps to levy water rate at the rate of 0-6-0 in the rupee on mohatarfa, as agreed to, to enable it to meet a portion of the annual maintenance charges The Municipal President of Belur reported in December 1944 that proposals were sent in August 43 to levy water rate at 0-4-0 per rupee and that sanction of Government thereto has not been received so far As the connected reference were not available in this office the Municipal President was requested to furnish a copy of the resolution of the Municipal Council finally agreeing to the levy of water rate after observing the formalities From the copy of resolutions furnished by the President it is seen that the Municipal Council resolved on 24-7-38 to levy water rate at 0-6-0 per rupee temporarily for two years In their resolution dated 16-9-38 they have agreed to levy water rate at the same rate On 30-5-43 they have again resolved to levy the same at 0-4-0 per rupee and on 30-7-43 they have finally resolved after hearing objections received in this behalf that it may be levied at 0-4-0 per rupee In view of the fact that the Municipal Council had previously agreed at the time of proposing the water supply scheme to levy water rate at 0-6-0 and that the Municipal Council has to provide for repayment of the loan the Municipal President was addressed to intimate as to why the levy at 0-4-0 is now proposed instead of 0-6-0 The question was considered by the Municipal Council on 17-6-45 and they have resolved to levy water rate at 0-4-0 per rupee on the ground that while it was proposed to levy water rate at 0-6-0 per rupee no other tax was levied on mohatarfa and that subsequently lighting tax at 0-4-0 and Education Cess at 0-2-0 are levied on mohatarfa and including the water rate at 0-6-0 the total tax on mohatarfa will be 0-12-0 per rupee etc

It is stated that against the estimated cost of Rs 3000/- towards annual maintenance charges, only about Rs 2400/- is being actually spent, that by the levy of water rate at 0-4-0 per rupee the income on mohatarfa of 2802/- will be 700/- that in addition to this a sum of Rs 500/- is being realised towards the fee from house connections, and that the balance of cost viz , 1300/- will be borne by the municipality Water service is said to have been given during 43-44 but the water rate at 0-4-0 per rupee is proposed to be levied from the date of sanction of Government as per resolution dated 17-6-45 The Municipal Council should have urged and obtained sanction in this behalf earlier but the matter seems to have been lost sight of

In the circumstances explained above I request that sanction of Govt , may kindly be obtained to the resolution of the Municipal Council to levy water rate at 0-4-0 annas per rupee of mohatarfa

Further I request for kind instructions of Government as to whether the water rate has to be levied retrospectively with effect from 43-44 or from the current year Since water connections were given in the year 43-44, I consider that levy of water rate from 43-44 is fair

p t o

Copies of the resolutions of the Municipal Council in the matter are enclosed

Memo

Copy of the above is forwarded to the President, Municipal Council, Nagamangala, for immediate submission of the copy of the rules as already called for in this office memo of even No dated 26-12-46

Deputy Commissioner,
Mandya District

Water supply rules relating to the Nagercoil Municipality

No person shall

(a) remove, break, injure or open any work, valve, pipe-work or engine or motor belonging to, or under the control of, the municipality in connection with the water supply, or

(b) flush or draw off any water in or derived from any such water-work or do any act whereby the water in any pipe or water-work is likely to be washed or contaminated, or

(c) obstruct, divert or in any way injure or alter any water-main, sub-main or duct

2 The water supplied by the municipal council is intended primarily for domestic purposes, and therefore, water from a public standpost or tap shall not be taken for garden, irrigation; building purposes or for other non-domestic purposes. In the latter case, the previous sanction of the President or Vice-President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal council, provided that the use of water from the public taps for non-domestic purposes mentioned thereon shall not be permitted unless there is sufficient supply of water at the tank or source

Domestic purpose" means water used pur
for the purpose of bathing, cooking, washing
clothes and utensils).

3 No person shall bathe or wash any, animal,
vehicle, clothes or utensils at any public standposts
or taps

4 No person shall do anything to damage or
disfigure the standposts or platforms or ~~use~~ to
obstruct the free flow of water from the
platform

5 No person shall water any animals at any
public stand, pipe or cistern, except at the places
prescribed by the municipal council for
the purpose by notice posted thereat

6 In case of emergency, the president or vice
president or his authorised agent may at any
time with previous public notice by beat of
tom-tom, stop the supply of water if it
appears to be unfit for use by the public

7 The president or vice-president or his
authorised agent in writing shall have
power to stop or reduce the supply in any
public main or sub-main for repairs or
renewals by such previous notice as is
possible. But where such stoppage is over
an extensive area or is due to exigencies which
can be foreseen, due notice under the
circumstances will be given by general
tom-tom

8 Applications for house connections from the public-mains or sub-mains are to be made on the prescribed form with the necessary plans to the President or Vice-President who is authorised by himself to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below -

Half-inch attachment	Rs 1-8-0
Three-fourths inch attachment	" 2-0-0

After the house connection estimate is sanctioned, the rest of the transactions will be entirely between the owner and plumber as the Municipal Council will not interfere in the matter of settlement of claims, etc, between the owner and consumer

9. private house service connections will be limited to houses paying house & shop tax of not than Rs 2/- a year in localities where a supply can be given with out detriment to street service, provided there are facilities to make proper arrangements for drawing off the waste water to the Municipal drains.

10 The number of taps to be given in any dwelling house will be limited to a maximum of three

For houses taking half-inch connection, a monthly fee of Rs 1-8-0 and those taking three fourths inch connection Rs 2-0-0 will be charged

Non domestic connections will be charged for all water drawn at eight annas per 1000 gallons

11 The Municipal council, in consultation with the water works department, may give connection to factories, farms and railways or for any other non-domestic purposes if the entire cost of the pipe line is borne by such factory, farm or railway provided such water connection does not interfere with the normal supply of water required for the Municipal area.

12 For every connection given for non-domestic purposes such as garden, factories, presses, etc the responsibility for installing and maintaining the meter will vest in the municipality

The word "garden" does not include the garden in the compound of dwelling houses

13. For all connections where a water rate is fixed by the municipality a charge of four annas per month shall be levied as a rent for the meter, in addition to whatsoever charge that may be due for the water consumed, provided that the periods when the meter is out of order no rent shall be charged

14 If the owner or the occupiers of such houses or property vacate or abandon such houses or property either temporarily or permanently the responsibility to communicate this fact in writing to the president (Vice-president shall rest on such owners or occupiers who should signify their intentions not to use the water till they re occupy the house or

property and upon such applications, the president or Vice-president shall arrange to cut off the water connection. In the case of houses or property remaining temporarily vacant for a month or more, meter rate only will be levied and in the case of such temporary vacancy for a portion of a month, no reduction either in water rate or meter hire shall be made or refund of amount granted.

15. Service pipes to private properties will as a rule be laid by plumbers duly licensed by the Municipal council on approved plans and specifications under conditions and rules sanctioned by the Municipal council.

The final connection between the private service pipes and the public water mains shall not be allowed until the work is inspected and passed by the president or Vice-president, or his authorised agent.

(a) No alteration or extension of private connections will as a rule be allowed without previously obtaining the sanction of the Municipal council and such works shall be carried out only by licensed plumbers.

(b) Repairs may however be carried out by the owners or occupiers of property after giving intimation to the president or Vice-president in writing of the nature of repairs to be done, the work being entrusted to the licensed plumbers only.

16. The water rate and meter rent or any water charges due under these rules shall

be collected or caused to be collected by president or Vice-president or his authorised agents every month in advance from the owners or occupiers of such property. The owners or occupiers of such houses or property shall be solely responsible for the payment of all charges or rate or rent and all such due under these rules as are provided in the Municipal Regulation of 1933, provided that the bill shall be served or presented to the owners or occupiers liable to such water rate or rent or other charges. It is needless that a bill should be sent every month. (The Municipal council may receive payment from the agent or the occupier)

(a) In order to facilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier, the president or vice-president shall, when required, in writing ~~to~~ furnish a memorandum showing the consumption and the probable charges on account of water rate and municipal rent for any broken period of the month since the preparation of the last bill in his office.

17 Every meter shall be read with in the 5th of every month and the meter reading will be duly intimated to the owner of the house. The meter reader will leave, with any available person in the house a slip showing the consumption of water during the ~~preceding~~ preceding month.

In calculating the charges under the

clause of rendering, the quantities of 500 gallons and below shall not be charged, but when it is over 500 gallons, it shall be charged for as if it were 1000 gallons

18 All complaints regarding the accuracy of the reading or the non-receipt of bills referred to in rule 16 should be made in writing to the president or vice-president with in 10th of the month concerned, after which no complaints will be entertained

19 Any owner or occupier of a house of property having a water connection who may suspect or dispute the accuracy of the measurements indicated by water meter, may apply to the president or vice-president and have the meter tested on payment of a fee of rupee one per test If on actual test the quantity registered by the meter exceeds 10 per cent of the correct quantity, the fee will be refunded to the party concerned otherwise it will be credited to municipal funds

20. The municipal council reserves to itself the right to test any meter for its own satisfaction at any time. due notice shall, however be given to the owner or occupier of the house or property concerned

21 If on examination any meter is found to be out of order and consequently not registering correctly the consumption during

the period since the last reading, till the meter is repaired or a new meter is attached, shall be calculated at the average daily consumption of the last registered period during which, in the opinion of the president or vice-president, the meter was registering correctly and the consumption of water was not for any reason abnormal.

22 The president or vice president, or his authorised agent may, at all reasonable times and with the permission of the owner or occupier if permission be refused after giving six hours notice, enter any premises in which there is a water connection in order to inspect and examine or repair the same

23 The president or vice president or his authorised agent shall have the power to cut off connection between the private pipes and the public-main if any of the following cases.

(a) In default of payment of water rate and other charges, cost of repairs or meters, due under the rules, within five days after the same shall have been demanded in writing or bill presented

(b) If any house-owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted, provided that five days previous notice is given in writing

(c) In cases of leakage of pipes or other defects in the private service likely to cause loss

to the Municipality, provided 24 hours notice is previously given

(d) If water is allowed to run to waste after the owner or occupier has been warned against allowing such waste by written notice of six hours or such shorter period as the president or vice president deems fit

(e) In any case of broken pipes or fittings causing loss of water likely to cause damage to property when such written notice as may be possible shall be given

(f) On any case of refusal to allow the president or vice president or their authorised agent to enter on any land or buildings for the purpose of inspecting services pipes, fittings, etc, after a days notice

24 The rules 2, 3, 4, 5, 6, 7 and 20 stated above shall apply to public street fountains which have been or may be allowed to be erected at the expense of the private individuals for deduction to public use, and such fountains shall be further subject to the following conditions —

(a) That their number is strictly restricted by the bona fide public requirements of particular localities which shall be decided by the Municipal council

(b) That they are not installed closer to any other public fountain than the minimum prescribed distance of 200 feet

(c) That there free and unobstructed access hours by the public for whose use they are imm duly safeguarded

26 Any person whose house-connection is stopped for non-payment of dues or leakage, etc, should p a fee of Re1 for re-connecting the same

25 The president or vice-president or their authoris agent shall for the purpose of these rules be deemed to be public servants

27. The Municipal council reserves to itself the power whenever it deems fit, to alter or modify the foregoing rules or to abolish altoge- ther the system of house connections established thereunder or to stop or to reduce the supply to any private attachment or any public fountain without assigneng any reason whatever

28 Any person infringeng any of these rules shall be liable to be punished with a fine not exceeding Rs50/- on conviction before a Magistrate

Exemption from water tax

1 Buildings belongeng to this Municipality

2 Government buildings which are exempt from maharatfa and "Religious institutions such as temples, Mazjids, grave-yards, burial and cremation grounds, (Mutts and chattrams where free lodgeng is allowed), provided the cost of the pipe-line

issued by the respective institutions

Issues the Rules for regulating water Supply in the Hoskote Town Municipality —

Read —

Letter no C 2 3262-38-39 dated February 1939, from the Deputy Commissioner, Bangalore District, forwarding for Sanction, the draft Water Supply rules framed by the Hoskote Town Municipal Council

2 Unofficial note no 1507-4, dated 3rd April 1939, from the Director of Public Health in Mysore

Order no L 8656-9-ML 70-38-109, dated Bangalore, the 26th April 1939

Government are pleased to issue, under Section 48 (1) K of the Mysore Municipalities Act, 1933, the accompanying rules for regulating the Supply and distribution, etc of water within the limits of the Hoskote Town Municipality, Bangalore District

Sd/- P H Krishna Rao,
Secretary to Government
Local Self-Government Department

Rules

No person shall (a) remove break, injure or open any cock, lock valve, pipe work or engine belonging to or under the control of the Hoskote Town Municipality in connection with the Water Supply or

(b) Flush or draw off any water in or derived from any such water work or do any act whereby the water in any pipe or water is likely to be wasted or contaminated or

(c) obstruct, divert or in any way injure or alter any water main, Submain or duct

2 The water supplied by the Municipal Council is intended primarily for domestic use and therefore water from any public Stand post, or tap shall not be taken for garden, irrigation, building purposes or for other non-domestic purposes in the latter case, the previous sanction of the president, or Vice President should be obtained in writing on such payment and under such conditions as may be Se-cted by the Municipal Council, provided that the use of water from the public tape for non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank or source

3 No person shall bathe or wash an animal, vehicle, clothes or utensils at any public Stand posts or taps which are specially set apart for such purposes

4 No person shall do anything to damage or disfigure the Stand posts or platforms or to obstruct the free flow of water from the platform

5 No person shall water any animal at any public Stand pipe or cisterns except at places prescribed by the Municipal Council for the purpose by notice posted thereat

6 In cases of emergency, the president or Vice-president or his authorised agent may, at any time, with previous public no-tice by beat of 'Tom tom' Stop the Supply of of water, if it appears to be unfit for use by the public.

The president or Vice-president or his authorised agent in writing shall have power to stop or reduce the supply in any public main or Sub-main for repairs or renewals without any notice But when such stoppage is over an extensive area or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances will be given by general 'Tom Tom'

8 Application for house connections from the public mains or Sub-mains are to be made in the prescribed form with the necessary plans and estimate to the president or Vice-president who, in consultation with the Bureau of Sanitary Engineering, is authorised to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachments as specified below -

Half inch attachment	Rs 1-0-0
3/4 inch attachment	Rs 1-8-0

After the house connection estimate is sanctioned, the rest of the transaction will be entirely between the owner and the plumber and the Municipal Council will not interfere in the matter of settlement of claims, etc between the owner and the Consumer

9 private house service connections will be limited to houses paying a house or Shop tax of not less than Rs 5/- a year in localities where a supply can be given without detriment to Street Service, provided there are facilities to make proper arrangements for drawing off the waste water to the Municipal drains

10 The number of taps to be given to any dwelling house will be limited to a maximum of three

For houses taking half inch connections, a monthly fee of Rs 1/0 each and those taking 3/4 inch connection Rs 1-8-0 each will be charged

Non-domestic connection will be charged for all water drawn at eight annas per thousand gallons

11 The Municipal Council, in consultation with the water works department (Bureau of Sanitary Engineering), may give connections to factories, firms and railways or any other non-domestic purposes if the entire cost of the pipe line together with the cost of the meter is borne by such factory, firm or railway, provided such water connection does not interfere with the normal supply of water required for the Municipal Area

12 For every connection given for the non-domestic purposes such as garden, factories, presses, etc, there shall be provided at the Consumer's cost and maintained in due working condition, a water meter for gauging the water consumed

The word 'garden, does not include the garden in the compound of dwelling houses

13 For all connections where a water meter is fixed, a charge of four annas per

Shall be levied as the rent for the meter in addition to whatsoever charge may be due for the water consumed, provided that, for the periods when the meter is out of order, no rent shall be charged

14 If the owners or occupyers of such houses or property are to vacate or abandon such houses or property either temporarily or permanently, the responsibility of informing in writing to the President or Vice-President shall rest upon such owners or occupiers before the 5th of every month, signifying their intention not to use water till they re-occupy the house or property and upon such application, the President or Vice-President shall arrange to cut off the water connection in the case of houses or property remaining temporarily vacant for more than a month and a half, the usual meter rate will be charged, but in the case of such temporary vacancy for a month no reduction shall be made nor refund of amount granted

15 Service pipes to private properties shall be laid by plumbers duly licensed by the Municipal Council on approved plan and estimates and specifications under the conditions and rules sanctioned by the Municipal Council

The final connection between the private service pipes and public water mains shall not be allowed until the work is inspected and passed by the President or Vice-President or his authorised agent

(a) No alteration or extension or private connection shall be allowed without previously obtaining the sanction of the Municipal Council and such works shall be carried out only by licensed plumbers

(b) Repairs may, however, be carried out by the owner or occupiers of property after giving intimation to the President or Vice-President in writing of the nature of repairs to be done, the work being entrusted to the licensed plumbers only

16 The water rate and meter rent or any other charges due under these rules shall be collected or caused to be collected by the President or Vice-President or his authorised agent every month in advance from the owners or occupiers of such houses or property. The owners or occupiers of such houses or property shall be solely responsible for the payment of all charges or rate or rent and all such dues shall be collected as a municipal demand and shall be subject to the same conditions as are provided in the Minor Municipalities Act, 1933, or the taxation rules framed there under, provided that the bill shall be served or presented to the owners or occupiers liable to such water rate, meter rent or other charges only once and for the first time and the Municipal Council shall not be bound to serve such bills at the beginning of every month, unless there be an alteration or enhancement of reduction as the case may be, in which case, a separate bill shall be presented or served

(a) The Municipal Council may receive payment from the agent or occupier

(b) In order to facilitate the adjustments of accounts between the owner of a house property and his tenant or occupier the President or Vice-President shall, when required in writing furnish a memorandum showing the consumption and probable charges on account of water rate and meter rent for any broken period of the month since the preparation of last bill in his office

17 Arrangements will be made to read the meter as far as possible within 5th of every month the meter reader will leave, with any available person in the house a slip showing the consumption of water during the preceding month

In Calculating the charges under the clause of metering, the Quantity of 500 gallons and below shall not be charged but when it is over 500 gallons, it shall be charged for as if it were 1000 gallons

18 All complaints regarding the accuracy of reading or non-receipt of slips referred to in rule 17, should be made in writing to the President or Vice-President within the 10th of every month concerned, after which no Complaints will be entertained

19 Any owner or occupier of a house or property having a water tax connection, who may suspect or dispute the accuracy of the

measurements indicated by water meter, may apply to the president or Vice-president and have the meter tested on payment of a fee of Rupee one per test If, on actual test, the quantity registered by the meter exceeds 10 percent of the correct quantity, the fee will be refunded to the party concerned otherwise it will be credited to the Municipal funds

20 The Municipal Council reserves to itself the right to fresh any meter for its own satisfaction at any time Due notice shall, however, be given to the owner or occupier of the house or property concerned.

21 If, on examination, any meter is found to be out of order and consequently not registering correctly, the consumption during the period, Since the last reading till the meter is repaired or a new meter is attached, shall be calculated at the average daily consumption of the last registered period during which, in the opinion of the president or Vice-president, the meter was registering correctly and the consumption of water was not for any reason abnormal

22 The president or Vice-president or his authorised agent may, at all reasonable times and with the permission be refused after giving Six hours notice, enter any premises in which there is a meter connection in order to inspect and examine or repair the same

The president or Vice-president or his authorised agent shall have the power to cut off Connection between the private pipes and the public main in any of the following cases —

(I) In default of payment of the water rates and other charges due under the Rules, if any bill presented on account of repairs to meters under rule above, within 5 days after the same shall have been demanded in writing or presented

(II) If any house owner or occupier who is supplied with water shall, in violation or pervert the use of water for purposes of the conditions on which the Connection is granted, provided that 5 days previous notice is given in writing

(III) In case of leakage of pipes or other defects in the private Service, likely to cause loss to the Municipality provided 24 hours' notice is previously given

(IV) If water is allowed to run to waste the owner or occupier has been warned against allowing such waste by a ~~person~~ printed or written notice of Six hours or such shorter period as the president or Vice-President deems fit

(V) In any case of broken pipes or fittings causing loss of water likely to cause damage to property when such of water written notice as may be possible shall be given

(VI) In any case of refusal to allow the president, Vice-president or their authorised agent to enter on any land or building

for the purpose of inspecting service pipes, fittings, etc, after a day's notice

24 The rules 2, 3, 4, 5, 6, 7 and 20 stated above shall apply to public street fountains which have been or may be allowed to be erected at the expense of the private individuals for dedication to public use and such fountains shall be further subject to the following conditions —

(a) That their number is strictly restricted by the bonafide public requirements of particular localities which shall be decided by the Municipal Council

(b) That they are not placed closer to any other public fountain than minimum prescribed distance of 200 ft

(c) That their free and unobstructed use at all hours by the public for the use of which they are intended, is duly safeguarded

25 Any person whose house connection is stopped for non-payment of dues or leakage, etc., should pay a fee of Rs 1 for re-connecting the same

26 The Municipal council reserves to itself the power, whenever it deems fit, to alter or modify the fore-going rules or to abolish altogether the system of house connections

established thereunder or to stop or to reduce the supply to any pvt attachment or any public fountains without assigning any reason whatsoever

27 Any person infringing any of these bye-laws shall be liable to be punished with a fine not exceeding sixty rupees on conviction before a Magistrate

proceedings of the Municipal Council Special meeting held on 5-4-45 at 5 p.m. in the Conservancy Office Hall Belur.

1) Considering the question of levying water tax on Mohatarfa in Belur Municipality during 1943-44 and 1944-45, as per Deputy Commissioner's letter No. C 1624/43-44 dated 20th March 1945

formerly when this Council agreed to levy water tax @ 0-6-0 per rupee there was only lighting tax on each rupee of Mohatarfa. But subsequently Conservancy tax @ -2-0 has been levied on each rupee and if 0-6-0 water tax is levied, the total tax on each rupee of Mohatarfa will be 0-12-0 which cannot be borne and paid by rate payers further in the year 1939 when the Municipality undertook to levy 0-6-0 tax on each rupee, the normal income of this Municipality was only Rs 10449-1-11 and expenditure Rs 7365/- But now the income of the Municipality is Rs 14985/- and normal expenditure Rs 10853/-, further the tax that may be collected at 0-4-0 per rupee will be about Rs 700/- and Rs 400/- from house Connection and

and the municipality will have to meet about Rs 1900/- from its funds which it can bear under the present income without taxing the public levying at 0-6-0. Further the expenditure for the maintenance of road work being has been decreased Rs 2300/- instead of estimated expenditure of Rs 3000/- Instead of this the extra item of expenditure that will be to be met from the Municipal Funds will be Rs 1200/- only In consideration of the circumstances, the Council resolves to levy a cess of 0-4-0 per rupee only

Dy Commissioner's Memo No
MBC 1624/43-44 dated 13th June 45
seeking to reconsider the question of
levying waterlees and the final resolution
of the Council Re- the rate and the year
from which the cess is to be levied

When the Municipality undertook to
take 0-6-0 tax per rupee there was
no other tax on the Mohatarfa in
Belur Later, Light tax of 0-4
per rupee and Education tax 0-2-0
was levied Hence this Council felt
it impossible to levy 0-6-0 on each
rupee when the total tax on each
rupee would be 0-12-0 Hence the
Council resolved to levy 0-4-0 This
Municipality realised Rs 700/- from taxation and Rs 500/- from
Private Connection, totally Rs 1200/- per annum The actual
maintenance charges is over Rs 2400/ per annum This Municipality

Council the balance of Rs. 1200/- per annum from its funds further the municipality is prepared to repay the loan instalments. Hence this Council again resolves to levy only 0-4-0 water tax on each nup and the tax may be levied from the date of sanction from Government

~~Bye-laws~~ regarding Water Supply in the Belur Town, ~~framed by the Municipal Council, Belur under section 61 (1) (d) of the Minor Municipalities Regulation of 1933~~ Act

==========

No person shall

a Remove, break, injure or open any cock, lock valve, pipe, ~~part of~~ or work engine belonging to or under the control of the Belur Minor Municipality in connection with the water supply or

b Wash or draw off any water in or derived from any such water work or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated or

c Obstruct, divert or in any way, injure or alter any water main, Sub main or duct

2 The water supplied by the Municipal Council is intended primarily for domestic use and therefore water from any public stand post or tap shall not be taken for garden, Irrigation, building purposes or for other Non-domestic purposes In the latter case the previous sanction of the President or Vice President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council, provided that the use of such water from the public taps for Non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the Tank or source

3 No person shall bathe or wash an animal, vehicle, cloths or utensils at any public stand posts or taps which are not specially set apart for such purposes

4 No person shall do any thing to damage or disfigure the stand posts or platforms or to obstruct the free flow of water from the platform.

5 No person shall water any animal at any public stand pipe or cistern except at places prescribed by the Municipal Council for the purpose by notice posted thereat

6 In case of emergency the President or the Vice President or his authorised agent may, at any time, with previous notice by beat of TOMTOM stop the supply of water, if it appears to be unfit for use by the public

7 The president or Vice President or his authorised agent in writing shall have power to stop or reduce the supply in any public main or sub-mains for repairs or renewals without any notice But when such stoppage is over an extensive area or is due to exigencies which can be foreseen such previous notice as is possible under the circumstances will be given by general TOMTOM

8 Applications for House connection from the Public mains or sub mains are to be made in the prescribed form with the necessary plans and estimate to the President or Vice President who is authorised to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below

½	attachment	Rs	1-0-0
¾	" attachment	Rs	1-8-0

After the house connection estimate is sanctioned the rest of the transactions will be entirely between the owner and the plumber and the Municipal Council will not interfere in the matter of settlement of claims etc , between the owner and the contractor

in consultation with the Bureau of Sanitary Engineers

9 Private House service connections will be limited to houses paying a house or shop tax not less than Rs 5-0-0 a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for draining off the waste water to the Municipal Drains

10 The number of taps to be given to any dwelling house will ordinarily be limited to a maximum of THREE For house taking ½" connection a monthly fee of Rs 1-0-0 each and those taking ¾" connection, a monthly fee of Rs 1-8-0 will be charged In the case of non-domestic connections, in addition to the charges for all water consumed at 0-8-0 per thousand gallons of water drawn

11 The Municipal Council may give connections to factories and firms and Railways or for any other non domestic purposes, if the entire cost of the pipe line together with the cost of METER is borne by such factory or firm or Railway provided such water connections does not interfere with the normal supply of water required for the Municipal area The cost of fixing the meter in a specially constructed meter-Cistern provided with an iron door and locking arrangement will however be borne by the factory, Firm, Etc , The meter will be fixed in the cistern by the Municipal Council and will be under Lock and Key, and in the custody of the Municipal Council

12 For every connection given for non domestic purposes such as garden, Factories, Presses Etc , there shall be provided at the consumer's cost and maintained in due working order a water meter for gauging the water consumed The word ' GARDEN " does not include the garden in the compound of the dwelling house

13 For all connections where a meter is fixed, a charge of 0-4-0 per month shall be levied as the rent for the meter, in addition to whatsoever charge may be due for the water consumed, provided that for the period when the meter is out of order no rent shall be charged

14. If the owners or occupiers of such houses or property are to vacate or abandon such houses or property either temporarily or permanently the responsibility of informing in writing to the President or the Vice President shall rest upon such owners or occupiers before the 5th of the month signifying their intention not to use the water till they reoccupy the house or property and upon such applications, the President or Vice President shall arrange to cut off the water connection In this case of houses or property remaining temporarily vacant for more than a month and a half, the usual meter rate will be charged, but in cases of such temporary vacancy for a month, no reduction or refund shall be made nor refund of amount granted

15 The Service pipes to private properties shall be laid by plumbers duly licensed by the Municipal Council on approved plans and estimated and specifications under conditions and rules sanctioned by the Municipal Council The final connections between the private service pipes and the public water mains shall not be allowed until the work is inspected and passed by the President or Vice President or his authorised agent

16 (a) No alterations or extensions or private connections shall be allowed without previously obtaining sanction of the Municipal Council and such works shall be carried out only by licensed plumbers

(b) The Repairs may however be carried out by the owners or occupiers of the property after giving information to the President or Vice President in writing of the nature of the repairs to be done, the work being entrusted to the licensed plubmers only

16 The water rate and the meter rent or any other charges due under these rules shall be collected or caused to be collected by the President or Vice President or his authorised agent every month in advance from the owners or the occupiers of such property The owners or the Occupiers of such property or houses shall be solely responsible for the payment of all charges or rents and all such dues under these Byelaws shall be collected as a Municipal Demand and shall be subject the same

conditions

+ Or the Tuticorin rules framed thereunder

conditions as are provided in the Minor Municipalities Act of 1933 + provided that the bill shall be served or presented to the owners or occupiers liable to such water rate, meter rent or other charges only once and for the first time and the Municipal Council shall not be bound to serve such bills at the beginning of every month unless there be an alteration or enhancement or reduction as the case may be, in which case a separate bill shall be presented or served

a) The Municipal Council may receive payment from the agent or occupier

b) In order to facilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier, the President or Vice President, shall, when required in writing furnish a memorandum showing the consumption and probable charges on account of water rate and meter rent for any broken period of the month since the presentation of the last bill in this office

17 Arrangements will be made to read the meter as far as possible within the 5th of every month The meter reader will leave with any available person in the house, a slip showing the consumption of water during the preceeding month In calculating the charges under the clause of metering the quantity of 500 gallons and below shall not be charged, but when it is over 500 gallons it will be charged for as if it were 1000 gallons

18 All complaints regarding the accuracy of reading or the non-receipt of slips referred to in rule 17 ~~supra~~ should be made in writing to the President or Vice President with in the 10th of the month concerned, after which no complaints will be entertained

19 Any owner or occupier of a house or property having a water connection who may suspect or dispute the accuracy of the measurement indicated by the water meter may apply to the President or Vice President and have the meter tested on payment of a fee of Rs 1-0-0 per test If on actual test the quantity registered by the meter exceeds 10 % of the correct quantity the fee will be refunded to the party concerned, otherwise it will be credited to the Municipal Funds

20 The Municipal Council reserves to itself the right to test any meter for its own satisfaction at any time, due notice shall however be given to the owner or occupier of the house or property concerned

21 If on examination any meter is found to be out of order and consequently not registering correctly, the consumption during the period since the last reading till the meter is repaired or a new meter is attached shall be calculated at the average daily consumption of the last registered period during which, in the opinion of the President or Vice President, the meter was registering correctly and the consumption of water was not for any reason abnormal

22 The President or Vice President or his authorised agent may at all reasonable times and with the permission of the owner or occupier, ~~and~~ and if permission be refused, after giving 6 hours notice, enter any premises in which there is water connection in order to inspect and examine or repair the same

23 The President or Vice President or his authorised agent shall have the power to cutoff the connection between the private pipes and the public main in any of the following cases -

1 In default of payment of the water rates and other charges due under the rules for any bill ~~prescribed with in 15 days~~ after the same shall have been demanded in writing or presented

b If any house owner or occupier who is supplied with water shall use or permit the use of such water for purposes in contravention of the conditions on which the connections were granted, provided that 5 days previous notice is given in writing

~~In case of~~ presented on account of repairs to meters under Rule above within 5 days and in any other case within 15 days

c) In case of leakage of pipes or other defects in the private servi
likely to cause loss to the Municipal Council, provided 24 hours notic
is previously given

d If water is allowed to run to waste after the owner or occupier ha
been warned against allowing such wastage by a printed or a written n
-ice of 6 hours or such shorter period as the President or Vice Presid
deers fit

e In any case of broken pipes or fitting causing loss of water likely
to cause damage to property when such written notice as may be possible
shall be given

f In any case of refusal to allow the President or Vice President or
his authorised agent to enter on any land or building for the purpose of
inspecting service pipes, fittings, etc , after a day's notice

24 ~~The Bye laws~~ Rules 2,3,4,5,6,7 and 20 ~~stated above~~ shall apply to ~~the~~ publ
street fountains, which have been or may be allowed to be erected at the
expense of ~~the~~ private individuals for dedication to public use and such
fountains shall be further subject to the following conditions,-

a That their number is strictly restricted to the bonafide requirements
of particular localities as may be decided by the Municipal Council

b That they are not placed closer to any other public fountain than at a
minimum prescribed distance of 200 feet

c That their free and unobstructed use at all hours by the public for the
use for which they are intended is duly safeguarded

25 any person whose house connection is stopped for nonpayment of dues or
leakages etc , should pay a fee of Rs 1/- for reconnecting the same

26 The Municipal Council reserves to itself the power ~~of~~ whenever it deems
fit to alter or redify the foregoing rules or to abolish altogether the
system of house connections established thereunder or to stop or to reduce
the supply to any private ~~attachment~~ connection or any public fountain without assig-
-ning any reasen whatsoever

27 ~~The~~ Regulation of water supply to Govt Buildings ~~is fixed~~ are to be at the usual rates
~~to public~~ prescribed for the public

28 Regulation of water supply to religius and charitable institutions ~~shall~~
be ~~charged~~ at half the usual rate

Rules for regulating water Supply in the Bolur Minor Municipality.

1. No person shall

a) Remove, break, injure or open any cock, lock valve, pipe work or engine belonging to or under the control of the Bolur Minor Municipality in connection with the water supply or

b) flush or draw off any water in or derived from any such water work or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated or

c) obstruct, divert or in any way, injure or alter any water main, sub-main or duct.

2. The water supplied by the Municipal Council is intended primarily for domestic use and therefore water from any public standpost or tap shall not be taken for garden, Irrigation, building purposes or for other Non-domestic purposes. In the latter case the previous sanction of the President or Vice President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council, provided that the use water from the public taps for Non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank source.

3. No person shall bathe or wash an animal, vehicle, cloths or utensils at any public stand posts or taps which are not specially set apart for purposes.

4. No person shall do any thing to damage or disfigure the stand posts platforms or to obstruct the free flow of water from the platform.

5. No person shall water any animal at any public stand pipe or cistern except at places prescribed by the Municipal Council for the purpose by notice posted thereat.

6. In cases of emergency the President or the Vice-President or his authorised agent may, at any time, with previous public notice by beat of TOM TOM stop the supply of water, if it appears to be unfit for the public.

7. The president or Vice President or his authorised in writing shall....

shall have power to stop or reduce the supply in any public main or sub-mains for repairs or renewals without any notice. But when such stoppage is over an extensive area or is due to exigencies which can be foreseen such previous notice as is possible under the circumstances will be given by General TOWTOW

8. Applications for House connection from the Public mains or sub-mains are to be made in the prescribed form with the necessary plans and estimate to the President or Vice-President who, in consultation with the Bureau of Sanitary Engineering, is authorised to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below:-

½" attachment	Rs 1-0-0
¾" attachment	Rs 1-8-0

After the house connection estimate is sanctioned the rest of the transactions will be entirely between the owner and the plumber and the Municipal Council will not interfere in the matter of settlement of claims etc., between the owner and the contractor.

9. Private House service connections will be limited to houses paying a house or shop tax of not less than Rs 2/- a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for draining off the waste water to the Municipal Drains.

10. The number of taps to be given to any dwelling house will ordinarily be limited to a maximum of THREE. For house taking ½" connection a monthly fee of Rs 1-0-0 each and those taking ¾" connection, a monthly fee of Rs 1-8-0 will be charged. In the case of Non-domestic connections, the charges will be Re 0-8-0 per thousand gallons of water drawn.

10 (b) For more than 3 taps in any dwelling house, extra fee of Re 0-8-0 will be charged.

11. The Municipal Council, in consultation with the Water Works Department (Bureau of Sanitary Engineering) may give connections to factories and firms and Railways or any other non-domestic purposes, if the entire

entire cost of the pipe line together with the cost of METER is borne by such factory or firm or Railway provided such water connection does not interfere with the normal supply of water required for the Municipal area. The cost of fixing the meter in a specially constructed meter-Cistern provided with an iron door and locking arrangement will however be borne by the Factory, Firm, etc. The meter will be fixed in the cistern by the Municipal Council and will be under Lock and Key, and in the custody of the Municipal Council.

12. For every connection given for non-domestic purposes such as garden, Factories, Presses etc., there shall be provided at the consumer's cost and maintained in due working order a water meter for gauging the water consumed. The word " GARDEN " does not include the garden in the compound of the dwelling house.

13. For all connections where a meter is fixed, a charge of 0-4-0 per month shall be levied as the rent for the meter, in addition to whatsoever charge may be due for the water consumed, provided that for the periods when the meter is out of order no rent shall be charged.

14. If the owners or occupiers of such houses or property are to vacate or abandon such houses or property either temporarily or permanently the responsibility of informing in writing to the President or the Vice President shall rest upon such owners or occupiers before the 5th of the month signifying their intention not to use the water till they reoccupy the house or property and upon such applications, the President or Vice President shall arrange to cut off the water connection. In the case of houses or property remaining temporarily vacant for more than a month and a half, the usual meter rate will be charged, but in cases of such temporary vacancy for a month, no reduction or refund shall be made nor refund of amount granted.

15. Service pipes to private properties shall be laid by plumbers duly licensed by the Municipal Council on approved plans and esti-

estimates and specifications under conditions and rules sanctioned by the Municipal Council. The final connections between the private service pipes and the public water mains shall not be allowed until the work is inspected and passed by the President or Vice President or his authorised agent.

15(a) No alterations or extensions or private connections shall be allowed without previously obtaining sanction of the Municipal Council and such works shall be carried out only by the Licensed Plumbers.

(b) Repairs may however be carried out by the owners or occupiers of property after giving information to the President or Vice President in writing of the nature of the repairs to be done, the work being entrusted to the licensed plumbers only.

16. The water rate and the water rent or any other charges due under these rules shall be collected or caused to be collected by the President or Vice President or his authorised agent every month in advance from the owners or the occupiers of such property. The owners or the occupiers of such property or houses shall be solely responsible for the payment of all charges or rates or rent and all such dues under these Byelaws shall be collected as a Municipal Demand and shall be subject to the same conditions as are provided in the minor Municipalities Act of 1933 or the taxation rules framed provided that the bill shall be served or presented to the owners or occupiers liable to such water rate, water rent or other charges only once and for the first time and the Municipal Council shall not be bound to serve such bills at the beginning of every month unless there be an alteration or enhancement or reduction as the case may be, in which case a separate bill shall be presented or served.

a) The Municipal Council may receive payment from the agent or occupier.

b) In order to facilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier, the President or Vice-President, shall, when required in writing furnish a memorandum showing the consumption and probable charges on account of water rate and meter rent for any broken period of the month since the presentation of the last bill in his office.

17. Arrangements will be made to read the meter as far as possible within the 5th of every month. The meter reader will leave with any available person in the house, a slip showing the consumption of water during the preceeding month In calculating the charges under the clause of metering the quantity of 500 gallons and below shall not be charged, but when it is over 500 gallons it will be charged for as if it were 1000 gallons.

18 All complaints regarding the accuracy of reading or the non-receipt of slips referred to in rule 17 should be made in writing to the President or Vice-President within the 10th of the month concerned, after which no complaints will be entertained.

19. Any owner or occupier of a house or property having a water connection who may suspect or dispute the accuracy of the measurements indicated by the water meter may apply to the President or Vice-President and have the water meter, tested on payment of a fee of Rs 1-0-0 per test if on actual test the quantity registered by the meter exceeds 10% of the correct quantity the fee will be refunded to the party concerned, otherwise it will be credited to the Municipal Funds.

20. The Municipal Council reserves to itself the right to test any meter for its own satisfaction at any time, due notice shall however be given to the owner or occupier of the house or property concerned.

21. If on examination any meter found to be out of order and consequently not registering correctly, the consumption during the period since the last reading till the meter is repaired or a new meter is attached shall be calculated at the average daily consumption of the last registered period during which, in the opinion of the President or Vice-President, the meter was registering correctly and the consumption of water was not for any reason abnormal.

b. That they are not placed closer to any other public fountain than at a minimum prescribed distance of 200 feet.

c. That their free and unobstructed use at all hours by the public for the use for which they are intended is only safeguarded

25 Any person whose house connection is stopped for non-payment of dues or leakages etc , should pay a fee of Rs 1/- for reconnecting the same

26 The Municipal Council reserves to iteself the power whenever it seems fit to alter or modify the foregoing rules or to abolish altogethe the system of house connections established thereunder or to stop or to reduce the supply to any private connection or any public fountain without assigning any reason whatsoever.

27. Regulation of water supply to Government buildings will be at the usual rates prescribed for the public

28 Regulation of water supply to religious and charitable institutions shall be at half the usual rate

29 The Municipality does not hold itself responsible for the supply of water should there be circumstances beyond its control

30 The Municipal President will be the competent authority to settle disputes regarding the complaints of the public

31 Any person infringing any of these rules shall (on conviction before a Magistrate) be liable to be punished with a fine not exceeding rupees fifty
